

The sophisticated
makeready
platform for
commercially astute
print professionals

Océ PRISMA®prepare 6.1

you can

With the all-in-one Océ PRISMAprepare 6.1 software, print professionals can prepare perfect documents more productively and profitably.

Enjoy integrated makeready

- The complete integrated makeready solution that offers three ways to add value to PDF documents.
- **NEW** Adobe® PDF library simplifies installation and enables copying and pasting between multiple PRISMAprepare screens.
- **NEW** Variable Data Printing (VDP): for easy creation of documents like business cards that contain variable data.
- Versatile book printing capabilities: best-in-class square folding, intuitive creep support and spine caption editor.
- Flexible tab handling: including duplex and multi-line tabs, tab import based on text file or PDF bookmarks and bleed tab support.
- WYSIWYG page programming: with visual feedback of tabs, binding, finishing and a clear relationship between logical and physical pages.

Create a single colour and B&W workflow

- Advanced colour detection settings: colour split & merge including page coverage, logos, URLs and specific RGB colours.
- De-speckle and de-skew, even for colour scans.

Streamline productivity

- **NEW** drag-and-drop hot folders that automate makeready.
- **NEW** SNMP provides real-time printer status via your network.
- Printer independence and support for third-party printers maximises your options.
- Colour split & merge, automatic recognition with manual override, support for insert trays or cyclic media inserts.
- Centralised media catalogue for all documents that is independent of any connected printer.

Canon

Specifications: Océ PRISMAprepare 6.1

PRINTER MODEL	Océ PRISMAprepare 6.1
SOFTWARE REQUIREMENTS	
Operating System	Operating system 32 bit: MS-Windows Server 2008 SP2 Standard and Enterprise MS-Windows XP SP3 Professional MS-Windows 7 SP1 Professional, Enterprise and Ultimate MS-Windows 8 Professional and Enterprise
	Operating system 64 bit: MS-Windows 7 SP1 Professional, Enterprise and Ultimate MS-Windows 8 Professional and Enterprise MS-Windows Server 2008 R2 SP1 Datacenter/Standard/Essential and Foundation Edition MS-Windows Server 2012
